EXPERIENCE

● **Freelance Web and UI Designer** London UK & Austin, TX | May 2016 - Present

While waiting for my US visa and work authorization, I have been refining my UI design skills and working on small projects.

- Designed and developed a variety of responsive websites
- Implemented websites into CMS's such as Wordpress & ProcessWire
- Learned different web languages and improved design skills by taking online courses

● **Farm Hand/Travelling** Australia and New Zealand | January 2016 - May 2016

Worked on farms while exploring Australia and New Zealand, learned outdoor skills and avoided getting bit by any snakes.

● **Web Content Specialist @ TWE Global** Melbourne, Australia | June 2015 - December 2015

Part of the ATLAS project team which delivered new digital assets for Treasury Wine Estates and its brands - specifically fully responsive websites

- Created Information Architecture for new sites prior to build phase
- Identified & communicated styling/functionality issues to developers
- Reviewed migrated sites against templates designs
- Developed detailed training documentation to introduce teams to the Sitecore CMS

● **Digital Content Editor @ Ladbrokes** London, UK | September 2014 - March 2015

Responsible for creating and editing content for Ladbrokes' audiences that adhered to best practice standards and brand guidelines.

- Produced high quality written and visual content for the Ladbrokes' website and mobile app
- Used the CMS and HTML knowledge to schedule future content and ensure accuracy of existing content
- Edited images and designed promotional banners in Photoshop that were in accordance with brand guidelines

● **Web Editorial Intern @ Which? University** London, UK | July 2013 - August 2013

Internship during University in which I planned, researched and published material for the Which? University website.
